and

NERF Zombie Summer Camp

Scholarships and Financial Aid Information

Guard Up, Inc.'s Wizards & Warriors Summer Camps is an interactive fantasy adventure camp for kids ages 6 and up. The coed camp is located on nearly 300 acres of woodland with its own lake in Westford MA. The NERF Zombie Camp is a futuristic camp at the same location where kids ages 8 and up fight zombies with NERF Blasters while solving mysteries. Both camps use dynamic story lines, theatrical costumes and special effects to create an educational and exciting environment where campers play the role of heroes. Campers learn how to apply the hero code of "Honor, Courage, and Compassion" during each adventure where they interact with creatures and characters born of literature, history and mythology. This camp is perfect for kids and teens who love computer games and yet also crave fascinating stories riddled with mystery and intrigue.

Guard Up, Inc. Summer Camps have a number of Scholarships available to families and campers based on financial need. The number of scholarships and amount of financial aid available is based upon the contributions we receive as well as funds allocated for the scholarship program by Guard Up Inc. Our company is committed to assisting as many campers as possible in their quest to experience their own adventure at our Summer Camps. While we sometimes receive more requests than available scholarships, we do strive to work with parents and organizations to assist as many children as we can.

Schools and organizations which work with children and teens are encouraged to provide this information to their families. Let's help kids live the kind of adventure they have seen in computer games – only without the computers! This summer, let kids run around in the fresh air, make friends, and be a hero.
